

Modified Supplemental Instruction (MSI)

AMS 3: Precalculus for Science and Engineering

MSI Homepage: <http://eop-apps.ucsc.edu/MSI/>

What is MSI?

- MSI provides an opportunity for students to learn together in small groups led by advanced students.
- The MSI sessions' focus will be on the homework assignments and examinations with the goal of assisting students to become independent problem solvers, effective learners and to achieve excellence.
- The Learning Assistant will be available to answer questions from the lectures and assigned readings, discuss assigned papers, and to assist students to prepare for quizzes and examinations.

How does MSI work?

- You may attend any MSI session at any time during the quarter without making a weekly commitment, among those sessions outlined below.
- MSI sessions are available on a first come, first served basis and are limited to approximately 10 students per group.
- See your Learning Assistant for more details.

In order to compare the course performance data for students who attend MSI and students who do not attend, we will be asking the professor for course records.

When and where?

Day	Time	Location	Learning Assistant
Friday	2:00 - 3:15PM	Social Sciences II 137	Christian Whiting
Sunday	7:00 - 8:15PM	ARCenter 221	Christian Whiting
Thursday	4:15 - 5:30PM	Social Sciences II 363	Christian Whiting

If you have any questions, please let me know!

Christian Whiting: cwhiting@ucsc.edu

I look forward to seeing you!
